Description:
New York Times bestseller! November 2017 Indie Next Pick! Locus Award Finalist! Goodreads Choice Awards Semifinalist! A collection of four chilling novels, ingeniously wrought gems of terror from the brilliantly imaginative, #1 New York Times bestselling author of The Fireman, Joe Hill. One of America’s finest horror writers (Time magazine), Joe Hill has been hailed among legendary talents such as Peter Straub, Neil Gaiman, and Jonathan Lethem. In Strange Weather, this compelling chronicler of human nature’s continual war between good and evil, (Providence Journal-Bulletin) who pushes genre conventions to new extremes (New York Times Book Review) deftly expose the darkness that lies just beneath the surface of everyday life. Snapshot is the disturbing story of a Silicon Valley adolescent who finds himself threatened by The Phoenician, a tattooed thug who possesses a Polaroid Instant Camera that erases memories, snap by snap. A young man takes to the skies to experience his first parachute jump... and winds up a castaway on an impossibly solid cloud, a Prospero’s island of rolling vapor that seems animated by a mind of its own in Aloft. On a seemingly ordinary day in Boulder, Colorado, the clouds open up in a downpour of nails—splinters of bright crystal that shred the skin of anyone not safely under cover. Rain explores this escalating apocalyptic event, as the deluge of nails spreads out across the country and around the world. In Loaded, a mall security guard in a coastal Florida town courageously stops a mass shooting and becomes a hero to the modern gun rights movement. But under the glare of the spotlights, his story begins to unravel, taking his sanity with it. When an out-of-control summer blaze approaches the town, he will reach for the gun again and embark on one last day of reckoning. Masterfully exploring classic literary themes through the prism of the supernatural, Strange Weather is a stellar collection from an artist who is quite simply the best horror writer of our generation (Michael Koryta).

This collection of four short novels by one of my favorite writers. Since there are four things to talk about Ill just give you what I thought of each story, but I dont want to give too much away, I feel its better to get very little about the book before starting them so youll be more surprised by how crazy they all are. The first story, Snapshot deals with this crazy camera, The Polaroid Man, and a young boy by the name of Michael Figlione. Taking place in the summer of 1988 this story takes place all in one day and is a crazy ride I loved the details of the story and it made me think of persons suffering from Alzheimer or dementia in a different way. (I gave it 4 stars) Loaded, the second story, was probably my favorite of the two, this one deals with a man named Kellaway who’s a racist gun toting mall security guard, who’s pretty much down on his luck. His wife is about to divorce him, theres a restraining order placed against him and one morning at the opening of the mall shots are fired and five people are dead and Kellaway is the only one left standing. Okay no more, I cant say anymore, but it was just so good, I had to make sure I did all my adulting before I could sit and finally enjoy this story all the way through. (I gave it 5 stars) Aloft, the third story was just okay, its about a man named Aubrey his experience in the clouds. The story begins with him and his three friends about to jump out of this airplane to go tandem skydiving after the death of a friend. But while up on the plane, about to jump out something happens to the plane and Aubrey and his friends are forced out sooner than expected and on the way down something crazy happens within the clouds. I think the ending of the story is what saved it in my eyes. (I gave it 3.5 stars) And Rain, the last and final of the short stories, narrated by my favorite, Kate Mulgrew, and to be honest I think her narration kicked it up a notch for me. So we follow Honeysuckle Speck on the day in which everything changed for her. What started out sounding like any normal summer storm turns out to be more like a rainstorm of small needles falling down from the sky killing friends and neighbors alike. Thats all I really want to give about the happening of the story, too much and it would give it all away. Just know its a great read. (I gave it 5 stars) All in all, I really liked this collection of short novels/novellas/stories and I’m glad I didn’t wait till his next book was announced to pick it up and enjoy.
